His face changed in appearance and his clothing became dazzling white. (Luke 9:29)

Jesus had done some amazing things: He had healed the sick, calmed the sea, and even raised the dead. But at the Transfiguration, He revealed His divinity in all its glory. Not only did the three disciples witness the radiance of Jesus' face and clothing, but they also heard the Father calling Him "My chosen Son" (Luke 9:35).

Yet while Jesus was on earth, His glory remained mostly hidden. Yes, the disciples witnessed His miracles. But He was a man just like them—He lived, breathed, ate, and slept among them. What faith it must have required for them to believe that in this man, God was actually present with them!

We also need faith, not only to believe that Jesus is the Son of God, but that He is actually present with us. Because He is, in the mystery of the Eucharist, every time and in every place where Mass is celebrated. To all appearances, the Eucharist looks like ordinary bread and wine. But in reality, the consecrated Host and the Precious Blood is truly Jesus. He is with us in every way—Body, Blood, Soul, and Divinity.

And not only is Jesus present. He loves us so much that He asks us to consume His Body and His Blood. Each and every time we receive Him, He is as close to us as He can possibly be in this life. And each and every time, He gives us the grace and strength to follow His commandment to love Him and one another.

On Mount Tabor that day, Peter, John, and James got a rare glimpse of Jesus in all His glory. Today, let Him show you His glory. As the priest lifts up the Host on the altar, imagine Jesus as He was at the Transfiguration, His face radiant and His clothes dazzling white. Then kneel down in awe and worship Him.

"Jesus, help me to see you as you truly are, in all your glory!"

Week 2: March 13 **Development and Peace: Madagascar: an ecological village to cope with climate change**

Development and Peace's *People and Planet First* campaign celebrates what solidarity can achieve, even against seemingly impossible odds. In Madagascar, for instance, Development and Peace's partner, the Development Council of Andohatapenaka (CDA), empowers people to manage and transform their neighbourhoods. In the capital region, which is afflicted by flooding and poor waste management, CDA has helped the residents of one vulnerable area to turn their environs into a thriving ecological village. Today, each of the 50 households involved in the project has a vegetable garden, a stove and solar panels. This transformation reflects a true ecological conversion. Watch the video at devp.org/lent/act.
